## SUMMARY

---

High-performing Computer Science student at Brock University specializing in Full-Stack Engineering, ML, and System Architecture. Experienced in technical problem-solving, teamwork, and customer-focused roles. Proven ability to analyze challenges, take initiative, and deliver measurable outcomes.

## TECHNICAL SKILLS

---

- Python, Java, C++, C, JavaScript, C#
- MIPS Assembly, PostgreSQL
- AWS, Oracle Cloud Infrastructure (OCI)
- Docker, Git/Version Control, Linux
- React.js, Next.js, Tailwind CSS, Three.js
- Machine Learning (Scikit-learn)

## PROFESSIONAL EXPERIENCE

---

### Junior Network Administrator IT Assistant | *Pioneer Engineering Solutions*

Mumbai, India

2021-2023

- Engineered and maintained branch-level network infrastructure, consistently achieving **99.9% system uptime**. Along with troubleshooting guides and standardizing recovery protocols.
- Diagnosed and optimized inefficient SQL database queries, reducing system response times by 30% and enhancing application performance.
- Partnered with a cross-functional team to resolve 25+ software bugs for seamless product launch within the scheduled timeline.

### IT Support Specialist / Lab Assistant | *FRCRCE Engineering college*

Bandra, India

2019 – 2021

- Orchestrated the deployment and lifecycle management of **200+ workstations**, leveraging automated OS imaging and patch management.
- Managed enterprise software deployment and **license compliance** for high-compute suites
- Architected **isolated, secure network environments** for high-stakes examinations to ensure total data integrity and zero-leakage.

## PROFESSIONAL PROJECTS

---

### Netflix- Architecture Portfolio | Personal Brand & Web Dev

- Architected a responsive, component-based portfolio using React.js and Tailwind CSS, mimicking high-traffic streaming UI/UX.
- Implemented dynamic routing and optimized asset loading, resulting in a Lighthouse Performance Score of 95+.

### NutriBudge | ML-Driven Nutrition & Budgeting App

- Developed a full-stack solution using Next.js and Flask to optimize grocery lists for students based on a \$200/month budget.
- Integrated a Scikit-learn recommendation engine to match caloric needs with price-efficient food items, achieving 95% accuracy in budget adherence.

### AR/VR Interaction Lab | Unity & Spatial Design

- Architected a responsive, component-based portfolio using React.js and Tailwind CSS, mimicking high-traffic streaming UI/UX.
- Implemented dynamic routing and optimized asset loading, resulting in a Lighthouse Performance Score of 95+.

## EDUCATION

---

### Bachelor of Science, Computer Science Honours

September 2024 – Present

*Brock University, St. Catharines, ON*

## ACTIVITIES

---

- Lead of organising committee of INTERNATIONAL ROBOTICS COMPETITION, Brock University
- Actively participating and building projects in Datathons and Hackathons
- Events Co-ordinator at Brock University's Sanatan Student Association

## CERTIFICATIONS

---

Oracle Cloud Infrastructure 2025 Certified Foundations Associate

2025
